

# Biography

Candice Bangsund, CFA is Vice President and Portfolio Manager of Global Asset Allocation and Private Markets Solutions at Fiera Capital. She is a member of the Global Asset Allocation Committee, focusing on central banks and fundamental macro analysis, and actively participates in the development and communication of the firm's asset allocation strategy. Ms. Bangsund also serves as the global spokesperson for Fiera Capital relating to all economic and investment matters and is Lead Portfolio Manager on the Fiera Diversified Lending, Diversified Real Estate, and Diversified Real Asset Strategies.

Her career in the investment industry spans over 15 years, including several years as an investment research analyst for Franklin Templeton Investments. While working at Franklin Templeton, Ms. Bangsund gained extensive experience in conducting global macroeconomic analysis focusing on asset classes, regions, sectors, commodities, and currencies. She also conducted multi-manager fund research and analysis with a focus on Canadian and Global Equity asset classes. Ms. Bangsund joined Fiera Capital in 2012 upon its acquisition of Calgary-based Canadian Wealth Management Group Inc, where she managed North American equity portfolios as well as the asset allocation decisions for private wealth clients.

She joined the Fiera Capital Global Asset Allocation team in 2014. Ms. Bangsund obtained her Chartered Financial Analyst (CFA) designation in 2009 and holds a degree in Finance from the University of Regina.
